Helping Businesses Grow & Succeed

At the Florida SBDC Network, we believe in creating unimaginable possibilities for small businesses that yield economic prosperity for our state.

From starting and growing a business, to selling it, this is where Small Business Development Centers (SBDC) help. Established by Congress, SBDCs foster local, regional, and state economic prosperity by providing aspiring and existing small businesses access to professionally certified and credentialed business consultants to help mitigate common obstacles and find success.

Designated as “Florida’s principal provider of small business assistance [Fla. Stat. § 288.001],” the Florida SBDC Network, one of 62 SBDC networks in the country, has more than 40 offices, and approximately 50 outreach locations from Pensacola to Key West to serve the needs of Florida’s business community.

Since 1976, our network of partners has helped construct a statewide ecosystem to foster the spirit, support, and success of more than 1.2 million small business owners.

In addition to our core service offering of no-cost consulting, training, and business research, Florida SBDCs provide a comprehensive toolkit of specialized services for businesses looking to accelerate market growth, including:

AV Sound Solutions, Inc., Davie

“Six months ago we decided to formalize an effort to sell to the federal government and have worked to get certified and secure a SAM account and a CAGE # and be educated. We are about to hire a full-time person to concentrate on federal, state, and local sales and bid responses; therefore, we are now about to start this whole federal effort. [Our Florida SBDC consultant] Mike Bell has been incredibly helpful and has allowed us to expedite this whole process. Our sincere thanks!”
