

History

Funded in 1976 by the U.S. Small Business Administration, the Florida SBDC Network, one of eight original SBDC pilot programs in the country, successfully links the state's education system with community outreach to aid in the development and education of the state's entrepreneurs and small business community. Since its inception, the network has nourished a statewide partnership between higher education and economic development to provide emerging and established business owners with management and technical assistance, enabling overall growth, increased profitability, and economic prosperity for the state.

Mission

As Florida's trusted principal provider of business assistance, we help small businesses launch, grow, and thrive through expertise, resources and advocacy.

Vision

To be recognized by local and state stakeholders as the preeminent, go-to program and resource for small business consulting, research, knowledge, and data that supports the diverse Florida small business landscape.

Core Services

The Florida SBDC Network serves the complex and diverse needs of small businesses throughout every stage of growth, by providing:

- One-on-one, no-cost confidential business development consulting
- Entrepreneurial, business and management development training
- Business information and research

Specialized Services

- International Trade
- Growth Acceleration
- Capital Access
- Government Contracting
- Business Continuation
- Cybersecurity

Coverage

Starting with only two service centers in the first year of operation, the Network has grown to a statewide partnership of more than 40 centers involving universities, colleges, and other economic development organizations. Additional outreach is provided at approximately 50 outreach locations utilizing resource partners such as chambers of commerce, economic development councils, local government, and banks.
